About Us

Lydeoil PPM, is a boutique trade house specialized in bitumen trading. Our team is dealing with our client's requirements with a tailor-made approach to realize the smoothest operation possible.

Our up-to-date trading methods make the bitumen trading much easier for the trading community.

From Far-East-Asia to South America, our trading team is dealing different sorts of trading and financing structures.

We have long-term agreements with prestigious factories and producers. We give timely deliveries and ready inventory solutions to our clients.

Lydeoil's strength is coming from company's flexibility in trading. We don't take the initiative but we give the flexibility to our clients to make them stronger in their destined locations.

Mission

Lydo Oil is committed to producing and supplying high-quality bitumen and oil products by leveraging advanced technology, reliable logistics, and strict quality control. We aim to build long-term partnerships through consistency, trust, and customer satisfaction.

Vision

Lydo Oil envisions becoming a leading global supplier of bitumen and oil products recognized for excellence, sustainability, and innovation in the energy sector. We strive to contribute to infrastructure development while creating lasting value worldwide.

Our Philosophy

Lydo Oil was founded with the purpose of delivering reliable and high-quality bitumen solutions to global markets.

We believe that strong infrastructure begins with dependable materials and responsible production. Quality, consistency, and transparency are the core principles guiding every aspect of our operations.

We are committed to meeting international standards through continuous improvement and innovation. Our philosophy is rooted in building long-term partnerships based on trust and mutual growth.

We value efficiency, safety, and environmental responsibility in all our processes.

Customer needs drive our decisions, from product development to logistics and support.

We respect our people, partners, and communities as key contributors to our success. Sustainability and ethical conduct shape our vision for the future of the energy sector. Through excellence and accountability, Lydo Oil aims to create lasting value worldwide.
